

The Rugby Club Foundation Kicks Goals for Grassroots Rugby

Attention all Zones and Districts,

Due to the enormous generosity of the **Rugby Club Foundation** we are proud to announce that we will be waiving all your team entry costs for the Positive Rugby Foundation NSW Junior State Championships and Rugby 1st NSWJRU Girls State Championships for 2021.

The Rugby Club Foundation

The Rugby Club Foundation generosity means that they will be covering the entry costs for all NSW Country Rugby Union Junior Zones and Sydney Junior Rugby Union Districts. This is an extremely unexpected and generous offer from the Rugby Club Foundation who are always aiming to give back to the community and assist grassroots rugby.

This is an enormous saving to all our Districts and Zones – and it means that these same Zones and Districts will now be in a position to pass these savings on to their players and their families and to assist those families in financial hardship with the costs associated with travelling to compete at our signature events.

We would urge everyone to acknowledge this support by the Rugby Club Foundation by utilising their logo in all social media channels and websites and sharing this wonderful news.

Those Districts and Zones who have already paid their team entry fees will have them refunded as soon as possible. Many thanks to the Rugby Club Foundation who are continually growing the game through their philanthropy.
